“ I was so saddened to hear about Bill. I got to know him when I took care of him in the Infusion center at the hospital. My visits with Bill, Lynn, and Taco were such a bright spot in my workday. My thoughts and prayers are with his family during this time of great loss.

“ Lynn, I am sorry to hear about Bill's passing. Although I didn't know you or Bill that well I will always remember that bond you two had together. I always enjoyed the conversations that we had throughout the years. Even though I didn't know him that well I still considered him a friend. He always treated me well. The first time I met him was at your Kingsford home. He called me to make keys for one of his cars. I was still learning the business and was very nervous as Bill was right on top of me watching every move I made. Apparently I did alright because whenever he had an issue with a lock on a vehicle after that he called me. It was always nice seeing him around at auctions or just riding around in his van. He left an impression on me. May he rest in peace. From, Bryan (u.p. security)

“ So sorry for your loss Lynn and Mariah. So many memories trying to raise teenage daughters. Mariah and Paula sure kept our hands full but in the end turned out to be real blessings. I would like to think that it had much to do with the parenting. Rest in peace Bill I know the road was not an easy one for you.
