“ I Remember when Al decided to take me "winter 4x4 wheelin" on a cold winter Sunday....Little did I know what was to come of that experience...Bald tires and snow covered 2 tracks dont mix....I was stuck more then I can remember....Al was there to winch me out every time....But not before telling me "your hoplessly stuck and would require a skidder to get out".....Well he got me out and I was back in IL buy 10pm that night...I will never forget that experience...Thanks Al for a (good)...although scary memory....
