“ I am the middle school social worker at IMPS. I arranged for Billy to come and speak to our 6th grade students last year on the recommendation of another person. Billy was willing to come and share his life experiences with them. He made a huge impact on our students. He left the presentations concerned about a few of them. Those he was concerned about still speak of him. I wanted you to know that he made a difference in their lives. Billy had a lot to give and I am very sorry for your loss.
