“ *I did not know Dan personally but I remember I delivered pizza to him a few times in 2004. He always tipped pretty well..but aside from that, I know how the parents must be feeling...it's something that other people can't see.I lost my daughter in May and even though she was only a few months old, I was so devastated and felt sick for a long time. It's hard to get over a death but time eases the pain. I wish that we could bring him back.*

“ *I am very shocked to hear the news. Dan and I have been friends ever since grade school when he used to go to my birthday parties at Hardee's. I cannot imagine how you feel right now and my condolences are with you. He was such a great guy, and because our names were so close in alphabetical order, I have sat by him in a lot of classes since kindegarten and had a locker right next to him throughout high school. The good thing about Dan is that you can look back and all the memories were good ones. He was such a great guy and had a big heart. We will miss him greatly. My prayers are with you and your family.*
