“ *To The Hertig Family,
I was so very sorry to hear about Dave's passing. He and my husband, John Sackerson had spent many a coffee clutch at the back security gate of the Niagara Mill. John passed away only a few days after Dave, so this is the first time I have had to pay tribute to another great man, Dave.*

My prayers go out to you as you go through this hard time.

*Very Sincerely,

“ When I worked for Oconto PD I'd see Dave several times a week. We'd have coffee together and he'd stop by the house once in a while. When he worked near Pembine I'd see him running radar on Hwy 8 while on the way to my cabin. He was a great guy and will be sadly missed.

“ I am so sorry to here of Dave's passing. He was a good trooper and a wonderful person. I went through the academy with Dave as part of the 37th recruit class. He was an inspiration to me. His determination helped me to get through fifteen weeks of tough training and for that I am grateful to him. Although we were never assigned to the same post, I have had the opportunity to visit with him at various training sessions through the years and he always had the same great attitude that carried him through as a cadet. I will miss him. Thank you for bringing him into the world. Although his time on earth was short it was invaluable to all who knew him. God bless you all.

I am proud to call him a friend.

To Dave: until we meet again my friend. I am sure you and Dad are smiling down on us! Love, Mike

“ *To all you my sincere condolences. I went to school with all of you and graduated with Dave and Denise and am grateful for their friendship. Dave was very intelligent and my lab partner in chemistry, which I benefited from since he carried the weight of the experiments we had to do. I had not seen him since graduation but looking at his picture I would have recognized him easily. He still had that shy, boyish smile. He had an obvious inner strength to have endured the physical challenges and yet achieve so much. He is an example of what we can do in this life if we are determined. He is remembered with love and friendship.*

“ My condolences to Dave's family, you can be very proud of your Son, Brother, Nephew, Cousin etc. Though he had every right, he never felt sorry for himself and instead focused on the positives. In law enforcement it is easy for officer's to become cold and calloused by what they see on a daily basis, but not Dave, he continued to serve with compassion and treated people as he would have them treat him. In this world there are leaders that you have to follow, David was one that you wanted to follow. David met God face to face as he slip away from his earthly chains and God welcomed him into his Kingdom with open arms saying, "Well done my faithful servant come into the kingdom I have prepared for you" Well done DAVID! We will miss him deeply, we will miss his smile and encouraging words of wisdom and wit but because of the sacrifice of Jesus Christ our Lord and Savior, we have the gaurantee that when we leave this earthly body, we will see him again.

“ I remember very well the day Trooper Hertig came to D3. I was his supervisor at the time. He came on board with a big smile, much enthusiasm and a positive attitude, all of which he shared throughout his career. When we learned that cystic fibrosis had advanced to a point of placing David in St. Vincent's hospital we were shocked. I used to pick Dave up in my cruiser and take him out on the job that he missed so much. He looked forward so much to those opportunities. When at a most critical time in the advancement of his disease he finally got the call to fly to Madison UW hospital for a Double lung transplant. I spent many days with the family in Madison and got to know them all very well. I also learned that this mild mannered smiling almost baby-faced man was in reality a "Chuck Yeager" of our time. i.e. he had "The Right Stuff" Faced with a high risk proposition a pioneering medical milestone. David was the first to receive a double lung transplant at UW Madison. And he stepped up to the plate knowing what was in store for him. This was serious business, and I can't but help to think that Courage, Guts and above all Faith brought him through. I'm certain that someone much more powerful and influential was guiding the surgeons hands and watching over David throughout this entire event. I could say much more but will close in saying, I never met finer people in my life as David and his family. and Pray that when my time comes I too will be judged in acceptance and will one day again see my dear friend and brother in our chosen field.

The fact that others of my ilk and kind speak so highly of him certainly leads me to agree he was a prime example of an employe in a law enforcement organization that is without peer in the nation. “ *I am very sorry to hear about the lost of David.*

With the illness, which takes time away from us, makes us hope to God that things will get better, but in the end, it does not get better and really makes us wonder after all the hope and prayers, why does it come to this?

I would like to share a scripture and hope you would understand more, because in a moment like this, this is all we can understand...

Ecclesiastes chapter 3.

After reading this and believing in this, this is more easier to understand. God has him now, but David will always be in our hearts and thoughts forever, for everyone who loved and knew him.

Or heard of him.

“ We were first assigned to work together at a boat landing during the spearfishing controversy in northern Wisconsin during the 1990s. Though I had met Dave earlier on, this was really my first chance to get to know him. He and I were assigned together to go into the crowd at a boat landing with a video cam. I immediately took a liking to this young Trooper. He was extremely upbeat, humorous and obviously loved being a State Trooper.

Over the years I was filled with respect for this young lad as he grew older and met the tremendous challenges life placed in front of him. He was ALWAYS up to those challenges and met them with a zeal and gusto most people never get to see in others.

I last visited with Dave on Feb 1 in Madison. He was yet again dealing with daunting challenges and none of his zeal and gusto had been lost from that first assignment in Northern Wisconsin.

We spoke of that assignment so many years ago and laughed together about the happenings. Dave spoke of hunting and what the upcoming year would hold for prospective trophy opportunities. Then he said, "Sarge, it's time for you to retire. I want your position in Wausau!" We laughed and I assured him he would have my strongest recommendation for my vacated spot.

It was very good for us to see Dave laugh that day. And that is how we will always remember him.

GOD SPEED Dave! And GOD, and Dave's family, Thank you sharing this "WONDERFUL" man with us.
