“ I just wanted to post here to tell Diane's family that I know in my heart that she and John are doing a lot of reminiscing up there in heaven. I had a dream about a week after Diane passed away...and about 3 months after John passed. I dreamed I walked out the back door of my garage and Diane was sitting at the picnic table and John was sitting in his swing and the two of them were laughing and talking....smoking and visiting like old friends. I tried shouting to them to get their attention and couldn't....and I couldn't hear what they were saying but it looked like they were having a wonderful visit. I'm sure the two of them are in heaven!! Both were loved by so many and are missed so much. Your family is in my prayers.

“ I was very sad when I heard of Diane's passing. I graduated with Diane in 1978. Diane was always so much fun, and I never remember her having a mean bone in her body. She was kind to all. I was happy to see that she went on to complete her dream of becoming a journalist, and also I was very impressed to see that she pursued other interests. I think the last time I ran into Diane was about 17 years ago. It was like we had never left each other. May God give her family the courage and strength to carry on. I will always remember her kindness. My prayers are with her family.
