“ I am sorry to hear about Dottie. She was a mother away from home when I was at the Kinch. I remember one day when I stopped by to visit. I ended up going with her to pick berries. I never had pick berries. It was great. She treated me like her son. I will miss her.

“ Many years ago in Ruyard Mrs Douglas took me under her wing and did some very kind things for me. She was a very warm, loving, generous woman and I will never forget the kindness she showed me at a time when I needed some extra help. I remember her excellent cooking skills and always enjoyed the time I spent with her. All of her daughters I'm sure are very proud of their mom and will miss her very much. God Bless your Mom and all of you.

“ I was sorry to hear of your Mom's death through Wendy her friend Bernie's daughter. I had been calling her home for more than the past week, and just kept thinking I wasn't catching her in her room. Finally on this past Sat I got a hold of Bernie to track her down. It was Sun when Wendy emailed me back that she had passed away. So sorry for you loss.

I had some foot surgery the first of May and had planned on coming up to visit her sometime this month, now that I am able to drive again. I will miss my visit with her.

We had a lot of fun with your Mom in Texas. We enjoyed many parties at her house and she enjoyed many at ours. I have many pictures of her and especially of her birthday celebrations, since she was always in Texas for her birthday.

She will be up there partying with your Dad already and will probably be cooking dinner for a crowd. What wonderful memories you will have of your parents, and she was always so proud of you girls.

Again our sympathy to you and yours.

Pat and Grant from Canada.
