“ Please accept our sincere sympathy. My mother, Sophie, was Esther's roommate at ManorCare since August 22 of this year. During this time, we had many chats with Esther and when I showed her the birthday flowers that she received, we both admired their beauty!

We hope that you are comforted to know that the staff stayed with Esther so that she wouldn't be alone. They and my mother shed tears for Esther at her passing.

May your happy memories bring you peace.

“ I regret that I was not able to visit Aunt Esther while there this summer and am sorry that our last visit was so many years ago. I do wish I could be there on Thursday, but please know that my thoughts and prayers are with all of you.

“ I wanted to let you know how much I loved Esther. She wasn't just a resident at Manor Care, she was like family. She reminded me so much of my Aunt, who lives in California (another educated and very classy lady). Esther would correct us when we would use lazy yoooper slang. My favorite memory of Esther was the Snowflake Ball, (a formal event held at Manor Care), held early this past year. Esther wore a green dress and wore her hair up and curled. She was beautiful! She had a wonderful time and spoke of the event for days. I think of her often.
