“ My family would drive up to see Ester every summer in my youth. It was a long drive from Ontario but well worth it. These trips lasted up until the mid nineties, I had no idea Ester would live to be 100 although when I last saw her at 92 she was in amazing shape and still driving actually. She loved to spoil us with endless amounts of pastries and popsicles. It was always a good time hearing all the stories she had. I would like to send my condolences to the rest of her family and friends for I know she will be deeply missed by all who knew her.

“ I have been away on vacation and sorry at this time to see Mrs. Eslick has passed on. She was a dear friend, fellow nurse and church lady of my grandmother, Lois Gardepy. My fondest memories are how she would console me at Methodist Church camp in the cabin at bedtime when I was homesick. One night she even shared her own little cot with me! My last visit was to see her at the nursing home while visiting another family member of mine. She truly was a great lady!
