“ I'd like to express my condolences to Frank's family. I was Frank and Liz's chiropractor for the past 10 years. Liz of course always saw the glass as "half full" and I loved her "press on regardless" attitude. Frank was always giving me advice from what car I should drive to what color my hair should be! Speaking of cars, I remember once when he was in the office and told us about the new sports car he ordered. My brother laughed and asked Frank if he realized that he was pushing 90 years old? Most guys your age don't even buy green bananas and you're ordering a new muscle car? Franky replied with his typical, "what are ya talkin' about? Just because I'm old I should drive junk?, Get outta here!" He will be missed.

“ My sincere sympathies on Uncle Frankies passing. As a child I remember Uncle Frank and Aunt Elizabeth in San Fernando Valley, with their dog Taffey. My father is Stephen Fusco, JR. of Medford, OR. My grandmother was Mildred deStefano Fusco married to Stephen Fusco.
Again my sincere sympathies to the entire family.
