“ I am Wanda Jones and I work in the Corporate Office of Quanta Services. I work in a Support position for the HR and Payroll modules of JDE, which MJ Electric uses to process their payrolls. Over the last four years I have worked with Frank on many occasions. Not only was Frank very knowledgeable, he was always eager to help and I found so often he had worked behind the scenes to make tasks easier for the users he supported. Just a wonderful man and a pleasure to work with. I am sure the person he was at work reflects what a great person he was in his personal life. I can't imagine how the MJ folks are reeling from Frank's passing. He certainly will be missed. God bless his family and friends and take comfort Frank is blessed and in complete happiness and wholeness with his eternal Father. Wanda

“ My very deepest sympathies to the Lake family. I work in the MJ MN office and Frank has always been there to helped our office staff and all the field employees over here at any time of the day. Although I did not have a chance to know him in his personal life, his compassion, kindness and extreme amount of patience's for those of us who are programming illiterate, I am sure is just a small example of the person he was at home. He will be missed. My thought and prayers are with his wife and the entire family.

PS...I sent that “Thank you” in an E-mail Frank. I hope you get it!
