“ Dear Jean and family

I was in class today and was sad to see in the Soo Evening News about the loss of George. I am so sorry for your loss. George was a great and very funny man and he will be missed. He always made me smile whenever he came in to Kings Club. Some of the best time I had at work was when George and Jean would come in to eat at Chums Caf because I knew I would be getting a great story from George. I always enjoyed being able to just sit back and listen to what he had to say and I will miss that. I am 28 years old now and I am very happy that I was able to get a chance to meet and talk to someone like George. I know when it is my time to move on from this life to the next that George will have another great story waiting for me to sit and listen to. To Jean and the rest of the family you will be in my prayers. Jean I hope to see you sometime soon so I can give you my condolences in person. Smiles and hugs to all and I hope after reading this that it help out in some way.

“ Where to start and what to write to such a great and wonderful man, I just don't know. First I would like to say Thank-You for alot of things(to many to start) you did a good job with Rachel and you should be proud I couldn't have done better. I see you waltzing across heaven and I know you are at peace. I'll always remember you and the fun we would have in Raco. In my heart you were my father-in-law and I love you. We will see each other again. To everyone I love YOU and will pray for you all. Though his wings were never seen I thought he walked on water....

“ I have been sitting here trying to find something to say and how to say it. I know you are in a better place now, your with all the loved ones that went before you, so your not alone. I remember when you used to sit around and play the guitar and sing all those funny songs to us. Those were some of the greatest times in my life. I will always think of you as my father. I love you and miss you very much.
