“ I met Jason briefly during his first few days at UPHS-Marquette. There was something about him that stood out and it was a pleasure having him in orientation. He was a motivator to those around him and very kind. I've heard so many great things about Jason and how he stepped in to help his co-workers when times were tough. I know he will be missed dearly and remembered by many forever. My heart goes out to you and your family and may God bless you all in your time of need.
