“ God speed Mom

Got home last night from bird hunting in North Dakota; yes, we sped, but safely.

I brought back a few Pheasant and a couple have your name on them as promised. I will share them with you when I use your super secret recipe to prepare them.

Knowing how you enjoyed the duck blind on Riley Lake and graciously shared it with me once old enough, I put together a nice hunt for the group on Tuesday. We had scouted a couple of potholes that looked promising the night before and were settled in at O'Dark thirty with high hopes.

With Holly sitting tight right I took my only bird, a Greenwing Teal like you used to shoot, at 7:05 am. You know how hunters keep track of such information, not because they really need it, but because when the hunt is over and coffee is being shared someone always asks "When did you get your first bird?"

It was when we got back to the trucks a few hours later, chilled but not skunked as I had my bird, that I received the message that you embarked on the next leg of your journey... at 7:05 am.

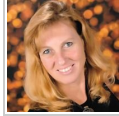

Thanks Mom, for once again sharing the blind.

I missed you stopping this year but saw you go by in the boat and waved. Mom loved it when she could be part of Spread Eagle being enjoyed by others.

“ For those of you around " The Lake" --- the "Ice Out Parties", the NYE parties, Pea soup and cocktails, snowmobiling, skiing at Pine Mountain, 4th of July fireworks and the boat parade, water skiing, Ski-tiers, the Ski Jumps, Study Club, and so much more...

The memories of my Mom and Dad could go on for a long time.

You all had such a special relationship with our parents and we thank you all for sharing your special memories--- Michael and I appreciate it so much.

“ Dear Michael, Connie & Sarah, David and I will miss that wonderful woman more than you know. The minute we'd get to the lake Jean would call and say, "So glad to see your lights are on and flag up!" She was my friend, confidant, neighbor and role model. When I saw Jean on her dock calling Reily, all was right at the lake. Jean called David one day and said, I'm cleaning out the garage, do you want the station wagon? We love driving that fantastic Mercury Colony Park and think of her every time we take it out. The first year we were invited to the NYE split pea soup dinner, we felt like we were really grown up! She will be missed by so many. She was the constant in all of our lives. We spent many holidays together and this year the lights won't be as bright nor the laughter as joyous. Love, Clair, David and Mimi Pasahow

clair pasahow - October 13, 2016 at 05:29 PM

THANK YOU!!! She loved you both so much! I didn't know that you had the Merc! A classic! Who can forget the split pea soup on NYE- The last stop for many until the wee hours of the morning! And, once you were included, you were invited "for life"! -- I am sure that you will miss her, as we will, along with many others around the lake. She and my Dad were a part of this special place since the very beginnings of life at "The Lake". We appreciate your kind words and memories... And, thank you for sharing them.

David and Claire,

Thank you! The two of you were very dear to Mom.

I always looked forward to when your family would make it back to SE each summer. As a kid I looked up to you, I wanted to ski and barefoot like the big boys.

Mom made sure I understood that you were a great role model. Except for a few years ago when I tried to light fireworks off the dock like you were doing... I was relegated to watching your show. They were some of the best fireworks Mom had seen, she said.

SE was great for all of us and I'm glad you are there to carry-on all those traditions!

Oh the stories....

“ *Dear Sarah, Michael & Families,*

So sorry to hear of your Mom's passing. I have many fond memories of living on the lakes and the times we got together there in Spread Eagle. Whether it was on the lakes during the summers or in the winter on the ice while cross country skiing, or just coffee klatching, and sharing recipes it created many fond memories. We had many fun times with all the friends and neighbors on the lakes.

My deepest sympathy to you all, will keep Jean and each one of you in my thoughts & prayers.

*Most sincerely,

“*Dear Michael and Sarah,
I am so sorry to hear of you mother's passing. I have so many fond memories of her that I don't know where to begin - boater's safety classes, working on the braided rugs, making cookies (one particular favourite memory: I asked her what her secret was for making the oatmeal cookies so moist, and she responded "I wasn't wearing my glasses and put too much milk in."), golfing and (eventually in more recent years) enjoying a scotch while catching up around the kitchen table. She was always welcoming, loved drop-in visitors, always had time to chat, and was always ready with good, encouraging advice.
My condolences to you and your spouses and children.

“ Jean (and Jerry) were members of a close-knit group of skiers who allowed me, as a child, to ride up the rope-tow at Pine Mountain between their legs (I was small and would hang from the rope midway up the hill). Her sensitivity to children was only exceeded by her humanity and genuine interest in friends of all ages. Whenever we were in town, going over to Jean's home on the lake was greeted with excitement by our entire family. Jean's calm, thoughtful demeanor and her welcoming smile were the magnets which never ceased to attract her loyal friends. Jean lives in our memories. We extend our hugs to Jean's family. “ *Much sympathy in the loss of Jean. She and Jerry were some of the nicest people on earth. We met them when they sold us their home on Carpenter Ave facing Long Lake on the chain and remained friends. No one made split pea soup better than Jean and we were privileged to spend several NY Eve's enjoying it with they and their merry friends. We will never forget Jean nor Jerry. She will be missed.*

Thank you for your kind words. Mom and Pop spoke of you often and were glad to see the house go to others that would enjoy it. Of course our memories of the NYE parties as kids are a bit different than those participating however the anticipation of them was the same!
