“ *Jillian, a lot of time has passed since we lost you.. I still think of you everyday, and miss you more everyday.. I know your watching, but there's so much I'd like to say, my heart still hurts and the tears still fall.. But your bright smile and devious laugh comfort my sadness..*

“ Louise and family-Please accept my deepest sympathy. Although I did not have the pleasure of knowing Jill, please know that you and your family are in my thoughts and prayers. It sounds like Jill was a lot like you Lousie-witty, funny, energetic and charismatic. May her spirit live on in her family and friends as it sounds like she was an inspiration to all.

“ Dear Louise and family,

We just returned today from being out of town. How very sad I was to learn of Jilly's accident and passing. My very deepest sympathy to you all. She was a wonderful, lovely young lady and I remember the sweet note she sent me when she was ill for a stuffed animal I sent to her. God bless you all in this time of sorrow.

“ I recently heard of your daughters passing and would like send my thoughts and prayers to your family. I had a class with Jillian a few years ago at Bay college. She was always the most talkative and witty one in class. Always having a smile on her face when she entered and stopped at nothing to get a laugh out of everyone. She truly is a great person. Please remember the good times and know that she is looking upon you each and every day guiding you through life. Take comfort in the great times you had with her...

“ Louise, Dan, Eric, Kristy, Madison, Eli, and Paul- I haven't been able to get you all out of my head since I got the news. I'll continue to pray for you and I hope you know how much everyone around you is thinking and praying for you too. Your daughter, sister, aunt, and girlfriend won't be forgotten. Jill and I spent a lot of years together, as friends and classmates and I am thankful for all the good memories. I don't know what else to say other than God bless you and bring you peace.

Love, Aimee

“ People always say they can't imagine what it's like to lose a child. Or at least this is what I heard from people when I lost my child. Of course she wasn't very old, only a two month old but even at that age it had an impact on me. I don't think anyone realizes how much it hurts (no matter what age) but it is incredible the amount of pain I can realize that you are feeling from losing your daughter and I am deeply sad for you. I wish you didn't have to go through this and I wish that nobody had to go through it. I just want you to know that others know what you are feeling and that even though this doesn't make it any easier, just know that someone out there understands and feels sad for your situation.
