“ At the first fire I was ever at with LBFD my partner and I - both probies - were waiting by the 2nd oldest rig per protocol - as John walked towards the officer's seat.

"What - you need a written invitation? Get on." he said.

When we arrived on location the fire was mostly out, and we got detailed to perform a secondary search. When we were done we were standing on th second floor. John's mask was hanging down, so we didn't don ours.

Being newbies, our eyes were stinging and throats were burning. John looked over, took a pull from his cigareete and said "If you guys want to mask up, go ahead".

We scurried to go on air as John smiled.

He was a great man, and will be truly missed.

“ Dear Karrie, I was so sorry to hear about the passing of John. I did not know that he followed in Gib's foot steps playing Santa. I sat on Gib Santa's lap as a child. The Sackerson and Evert Sr. family was very close. I am older than John was and I do remember him as a baby and watched us both grow up. I have fond memories of visiting all 3 homes on North Ave. and Scranton. I miss the good old days in Lake Bluff and all the wonderful people that touched my life growing up. I live in L.B. now again. But, it is not the same without the great people who used to be there. Take Care and say Hello to Gib for us. Our thoughts and prayers are with you. Shari (Evert) and Pat Driscoll

“ Dear Karrie, John and I were childhood friends in Lake Bluff back in the 60's. John was a great guy and we had a lot of fun together when he was a volunteer fireman on the Lake Bluff FD. Please accept my heartfelt condolences-he will be remembered. Chris Munshower

“ Karrie-two great men have been lost in this world. How ironic that the time they lost their lives was so close to one another. “ Dear Karrie, I was so shocked and so saddened to get the email from your dad telling me about John. My mom (Aunt Jessie) loved him and you so very much. I only visited with him and you a few times before I moved to Florida but I liked him and I always had good thoughts and memories of him and of the two of you together. I looked at his memorial web site and I was shocked to realize you were married so very long. Where could the time have gone? You were just my little cousin yesterday. I am glad that you had each other and the love that was so obvious when you were together.
Love, Lynda

“ Dear Karrie,
John brought a sense of wonder, fun, and celebration into our house each Christmas Eve night. You, I believe, were out in the sleigh hidden from young questioning eyes, as he, tall and larger than life to his awaiting audience strode purposely across the snowy lawn - long curly white beard, bright red suit and of course the fireman boots. When you moved to Norway, we thought about asking around to find someone to fill John's boots, but just didn't. I think we knew that those times with John weren't interchangeable. John gave us the twinkle of Santa. We are thankful and will always remember. He is missed. Brenda Dick

“ Karrie, My deepest sympathy on the passing of John. It's been many years now, but I still remember the the days of John being on the Lake Bluff Fire Department and the rivalry between Knollwood and them. John always had a way of putting things into perspective with his sense of humor. He will be missed. Your in my prayers. Jeff Rudolph (Knollwood Fire Department)

“ Mrs. Sackerson--I am one of John Dick's children who used to sit on your husband's lap on Christmas Eve. I am now 31! Your husband added so much cheer to that night with his wry sense of humor (he definitely had to deal with a terrified two year old every few years!), I can only imagine how much he touched his friends and family who got to be with him all the time. He will always be remembered in our family.

“ Dear Karie,
I am the mother of one of the 30 year old children in the Dick family and I want to join in expressing my sympathy to you and your family. Your dear husband gave so much to our family at our Christmas Eve gatherings! My son used to see the Santas in the mall and declare they must be Santa's helpers because the real Santa comes to Uncle John's on Christmas Eve.

“ Dear Karrie, you may remember that John played Santa Claus for our family gathering every Christmas eve in Lake Forest for many years. Those children who used to sit on his lap are now around 30 years old. He was the best Santa and played the role so well that they all were believers. Ill always remember when we asked if Santa would like a refreshment and the reply would come " Thank you, yes, Santa has a long night ahead of him" and he'd walk out into the snow and across the ravine with large paper cup of some potent cheer. Our condolences to your family from ours. John will be remembered forever. God Speed Santa Claus.
