“ *To John's Family,*

I am very sadden by the loss of John. I went to school with John since the 1st grade at Grant School. John will always be remembered as one of those people that was always nice! One characteristic that I have of John was being a lefty and how he curled his hand and wrist around to write! I could never imagine how he could do that!

He will be missed by everyone that knew him. My sympathies go out to his wife, children, brother, sister and friends. He was a great person...
