“ Please accept my sincere condolences, Joe and Linda took care of me and my brothers by moving his family into our Moon Lake home for an extended period of time and I will never forget his great sense of humor and the great times we had in the spring and summer of 1978. Vicky Ann is like a sister to me, I still remember her birthday is June 8th. Sorry to hear so late of Joe's illness and may he forever rest in Peace.
God Bless the Galeazzi Family.

“ My deepest sympathies are with you all. There are not enough words to tell of all the memorable and fun times I've had because of Joe's sense of humor. I've known Joe since I was a little girl and will never forget all the times he would tease me and joke around with me. He treated me as his own daughter and that was always a great feeling to me. I always knew that if Joe was around I would be laughing until my stomach hurt. He will be deeply missed and if there is anything at all I can do you any of you, please do not hesitate to call.

“ My deepest sympathies go out to the family of Joe, especically Linda, and Vicki, who I have known for a long time. Life is too short as we all know, as Joe begins his new life without pain, someday we will all be there with him in the hands of the Lord. Quinnesec will not be the same, even though I do not live there anymore, I still drive through looking at all the houses that I used to know. If there is anything I can do, don't hesitate to call on me.

“ Our sincere condolences to the Galeazzi and Alexander Families on the passing of Joe. You all have always made the Barribeau Family feel as though we were a part of your family. So, we feel like we have lost a family member as well. He was a great guy and will be dearly missed. His life should be celebrated and not mourned.
