“ To Clayton, Dale, David, Curtis, and your families: I'm so very, very sorry to hear of the loss of your mother! I never got to spend much time with her or with any of you, but I have some very special memories of being a little girl and traveling "all the way" to your house. I remember seeing a gas kitchen stove for the first time at your house, and being fascinated with the BLUE fire on Auntie Joyce's stove! You were always so nice to this little girl cousin, and I was made to feel very special by your mom and you all. (The only girl out of the 12 children of your mom, my mom, and Auntie Joanne - I felt like a princess.) I'm sure you all will be missing her SO much, and our hearts are with you. May God give you comfort and peace.

“ Please accept my heartfelt condolences in the passing of Joyce. She and her Twin were good friends during our school years in Foster City and Felch. I always saw her at Church on our visits to Foster City and now feel especially bad that I did not get up there this year.
