“ Our family has known Linda for years, altho we have never met. We had planned to meet this June when Ruthie graduated from high school here in Mio Michigan. It would have been such fun - she was so excited about it "I can't wait Karen!" Please forgive me as I ramble on, but I know no one else I can talk to. Linda and I went thru a lot together, first battling the crooked mortgage company who took her and Roger's house and thank God winning! When Roger passed and when my granddaughter Marie was born with multiple heart defects and subsequently passed. Well my dear, dear friend, you are no longer sick from the chemo, I will miss you dearly and as Steve just said she's up in heaven now, dancing and playing pool with Roger, drinking a beer, having a smoke and taking care of our little Marie. Fly with angels, we'll miss you. Anyone who knows me thru Linda, please feel free to contact me. Oh - and I hope her green hat and feather boa went with her, she would have loved that!

“ Please accept our deepest sympathy. My husband and I graduated with Linda. I had not seen her for many years, but she was having chemo at the same time as my Dad and I saw her then. She seemed to be fighting hard. I pray that your hearts can be healed and you can have some comfort and peace.
