“ I hadn't realized that Lorraine left us until today. I was recently speaking with friends and I noted that Lorraine had been the teacher that most impacted my life. She never failed to be encouraging and patient and there has rarely been a day that I didn't appreciate her influence on my writing. I have recently been published and wanted to thank her personally and my search for her brought me here. I regret not having thanked her sooner. My condolences to her family and friends. Please be comforted in the fact that her physical presence will be missed but her spiritual love will carry on in the hearts of many. Thank you, Mrs. Bowman, you have always been, and will remain to be my favorite teacher.
