“ *Mike,*

I just heard from my dad that your mom passed away.

I remember the times we spent at your house and those are good memories. Both your mom and dad were gracious to have me there playing with you, and that must have been a stretch for both of them to be able to put up with you and I together!

Candy always remembers how kind and gracious your mom was to her after we were married, and your mom got to know her better.

My sympathy, Mike, as you have now lost both of your parents and that is always a tough time.

Our thoughts and prayers are with you at this difficult time.

*Take Care,
Don and Candy*

“ Dear Mike and family, I got to know your mother during the time that she lived at Hulst Manor when my father also resided there. We had many chats. She was so concerned about others and always asked about my father and my family. She was generous with compliments and had a good sense of humor. She loved to talk about you, Mike, and she always did so with pride and concern. You and your family have been in my thoughts and prayers. Lorraine was a very special woman and I hope your memories and faith will sustain you now. Alice (Brosio) Reed

“ Dear Michael and family, and Mary Ann, As you know, Lorraine was a very special lady to me and it is with great sadness to think about saying good-bye to her. I will never forget her friendship to my Mother, and birthdays she attended during healthy times and during my Mother's sickness at the nursing home. I will remember Lorraine as a very sensitive and caring woman, and I enjoyed talking to her about her walk with the Lord. I will remember her as a woman of faith. Love, Jane

“ My sympathy to Lorraine's family. I met your mom through my employment. She is about the same age as my mom and I formed an attachment with her (this was about ten years ago). I will miss running into your mom while shopping, we'd stop and chat and she'd make me laugh. She always had a smile. God Bless.

“ *Lorraine was an avid reader and visitor to the library. Her sweetness and gentle manner impressed the staff and she became not just a patron, but a friend.*

During the holidays she presented the staff with chocolates; different kinds so that there would be something that everyone would like. She was thoughtful and generous.

*We will miss her.
The library ladies.*
