“ Auntie Marlene was my favorite aunt, maybe because I saw her the most and she was always smiling and Always made me laugh. She was a good listener and made it easy to talk to her. She was kind and very friendly. The last time I saw her I gave her flowers and we laughed because the fan was blowing directly on them and by the time I left her room they were drooping like they had been there a week. I ask for a bit of advise that day and I think she was happy to give me her advice. I appreciated that moment and I will always love her for that. My special auntie...Ill see you on the flip side!

“ *My deepest sympathy to Gayle, "Warren", Deana, Timmy, "Kevin", Robin, Scott, "Derwood" and the rest of the family. Marlene always had a smile for me, even when I called her an "Old Bat", she just jumped off her broom and threw it at me, lucky for me she missed, not so lucky for the back porch window, Or the time she gave Larry Betters a hard time for "busting " us raiding gardens Kevin in the cop car, the rest of us smart ones hiding in the garage. We did have a good time growing up and she was a big part of it. She will be missed. All my love to you all*
