“ Dear Chelsey and family,
I am so sorry for your loss. I felt so bad in math class and wanted to tell Chelsey how sorry I am, but I didn't want her to worry about what the other kids thought or to try to be 'brave' during class. Please let me know if there's anything I can do to help. Chelsey...if you're ever having trouble in class, just tell me that you need to go see Miss Farraugh and that will be enough. Many hugs to you all and may good memories sustain you through the rough times ahead.
