“ A few years ago, I was able to visit Auntie Mary quite often at the Nursing Home and was always greeted with a smile and a happy attitude. Prior to that we met planting flowers at the cemetery for Memorial Days on several occasions, at family gatherings, or as a child when I traveled with my family to Granite Bluff. Always, she was cheerful. That's how I will always remember my Auntie Mary. When I'd see her at Maryhill Manor, I had hoped to cheer her up with a short visit, but it always worked in reverse and she cheered me up more than the other way around. Cherish your memories and she'll always be with you.
