“ *My cousin, Mike was more like a brother to me. He lives with me during my high school years and I can't even count the wonderful memories I have. He was one of kindest, most intelligent, funny men I've ever known. I remember playing video games with him and he would just randomly yell out, "I love video games!", with the controller clutched and his hand held high. I love you cuz. Forever and ever and I'll see you when I get there.*

“ *Sending our thoughts, love and prayers to you all. Mikey was one of the best people I have ever known. We spent a lot of time with him, my kids loved him and we talk about him often. May God wrap you in his love and comfort you all. Mikey was loved by many.*

“ *I love my brother Mike. My co lions fan. the most unselfish person i knew. I had a thousand things to share, however face to face with the picture of my friend, leaves me without words. I could tell ya about music concerts we went to, or start to tear up as i hear him call me jamsey boy. I send the largest amount of love I can to the family, who so often opened their house up to me, and shared their living room and food, while the lions lost. Mike brother, now that your chatting in god's ear, can ya help our team out. love ya mike.*
