“ I just heard of the passing of Nancy and my heart is filled with sadness. I had the honor of having Nancy as a student in several classes at NWTC in our Human Resources program. She had such a wonderful personality and not only was she there to learn, but she also shared so much of her own experiences with others. It was a pleasure getting to know her in the short time she was a student, and she will always be remembered. My thoughts and prayers are with all of her family during this difficult time.

“ I worked as a volunteer with Nancy at DCHS, she was terrific to work with. Always had a great attitude, even after her illness began. She amazed me (and I told her so). One time I had a personal tragedy and was feeling pretty bad, she immediately authorized me to use their EAP program and gave me the information I would need. I never went but I sure did appreciate her concern and promptness in making the referral. She will be missed by many.
