“ There isn't a day I don't stop thinking about you grandma. You were the most important person in my life, you helped me out whenever you could, and when I needed someone you were always there by my side. Honestly I miss you so much, it hurts so bad because I never got to see you for one last time and I can't get over this. I wish you could've met my daughter, you would of absolutley adore her. I just wanna say you will never be forgotten and you will remain in my heart forever and always. And when my daughter grows up she will know who you are and she will know what an amazing, loving, sassy, lady you are. I love you grandma and Im just happy that you are no longer in pain. and one day we will be together again!
