“ Hello, My name is Lori. My Mom and Dorothy were cousins. I had the pleasure of staying with Bob and Dorothy when I was 10. My parents were struggling at the time. I remember them so well. They were the only 2 adults that truly showed interest in me. They even offered to adopt me. Lol
I just wanted to reach out and tell you all how much of a difference (even in that few weeks) they helped boost my self confidence. Wish things had turned out different. I think of both of them from time to time. Always wondered why I never went back to visit. That was in about 1976, and I'll always be grateful to them.
Heartfelt love being sent to the family.

“ Bob was the greatest human being of any man I ever knew. He and Dorothy were the kindest, most loving and caring individuals any friend could ask for. My only regrets is that I did not contact him a couple of months ago when I was thinking about calling him. I will greatly miss him.

“ To all of my cousins in the UP-I always looked forward to Uncle Bobby stopping at our house in Manitowoc on his return trips from hauling potatoes to Chicago. He would arrive in time for a nice visit and dinner and stay over night. We enjoyed his stories and getting the news from the UP. I can remember his 1957 T-Bird and I credit him for getting me into sports cars. He was one of a kind and a super classy guy.

“ Barbara, I am so sorry for your loss. Praying God will wrap you and the rest of the family in His loving arms. You took good care of Bob and I am sure brightened up his life. Bob reminded be a lot of my Dad with his love for old cars, dogs and story telling.

“ Sending our heart filled sympathies to the Steinbrecher family & friends. Bob (Bobby) was a very dear friend of the entire Trudell and Laurin family. We can all take comfort in knowing he is at last alongside his best friend Dorothy. He missed her so very much. Our prayers go out to you all.

Our family will always remember those many summers at our camp with Bob, Dorothy, Uncle French'y and Aunt Bea Trudell. I can still see Kathy & Dorothy riding off on Dorothy's motor cycle after the monster fish with fishing poles in hand. The stories Bob would tell us sitting around our table influenced many parts of our lives.

God Bless!

“ Dear Paul, Pat, Carl, Scott, Carol, and the Entire Steinbrecher Families...you have my sympathies on the passing of Bobby.

As you all know both he and Dorothy more like an Aunt and Uncle to all of us Oman Children over the years than just "a friend or neighbor". From the time Bobby was about 15 years of age he was a very important person to my Father serving as a mentor to him as he grew up nearby on the Groveland Mine Road going live with his Grandmother.

I have fond memories of Bobby stopping with the tractor and sprayer or other equipment and having a cup of coffee and conversation at our house over the years. I can easily picture him and my father visiting at the kitchen table.

My sympathies to you all.

I'd like to think that Dorothy many of the Groveland Mine crew now in heaven were waiting to greet Bobby at the gates and that they are enjoying a cup of coffee now.
