“ We were friends, and it's been years since we last talked. We should have done a lot more of that and not let trivial things ruin a friendship!!! I wish you peace buddy, and your family healing. I will see you again one day on the flip side and share a beer like we used to. Life is too short, and no one knows when their end will come. We waste so much time on things that do not matter and not enough time with what does! You mattered Ron, and I will never forget you. I am honored and glad to have known you.
