“ Sandy, we had some really great times that I will keep in my heart forever. I remember all the bingo nights with the whole family I just think about them and it makes me feel great inside. I know that you will be missed by everyone in our family and also by many friends. I know that you will be watching over all of us and pointing us in the right direction. I love you so much and I know that you are at peace now.

“ My dearest Aunt Sandy, I couldn't believe the news when Aunt Angel called to tell me you were gone. You were a mother to me for so many years, and for this I will be eternally grateful. As a young child you opened up your home and your heart to raising me. Before I come to live with you the only thing you had to worry about was feeding "misfit". Through your love and kindness you helped form me into the woman I have become. I was your born your Neice but raised as your child that you never had. I will always cherish the memories and the special bond we shared. I know I have another angel to watch over me now. With love forever your Christina
