“ Our favorite memory of aunt Sandi is this past Christmas playing games at the kitchen table and teaching her how to play spoons! The kids thought she was so funny! I'm glad that we had that time together.

“ Down in Florida, I was out in the yard one day, as I was a lot back then, and she came up to me and we started talking about yards, flowers and vegetables. I told her what we were growing in our vegetable garden and she told me what Kyle and Karen were growing which included sweet potatoes. I told her that I couldn't wait for the sweet potatoes and to tell them, if they had extras, that we would love to try them. Fifteen minutes later, she came back with handfuls of sweet potatoes. They were plucked a bit early, but she was such a sweetheart! Every time I spoke with her, she was always so cheery! She will be missed!
