“ to Shelley's family, you guys don't know me as I live a few hours from IM, but I wanted to share how kind your mom was as I was her teacher last year in the winter and the fall before that. She was helpful to the other students and even in a tough situation, she showed grace and empathy which is a limited resource these days.

I just wanted to also express my condolences and tell you how she made a difference to me as an educator and friend. The other students enjoyed her presence too. My older brother passed a year ago and when I go to IM to see his grave, I will visit where your mom rests too and pay respects. Please take care, Dan Obradovich Wakefield, MI

“ *Emily, Sunny, and Jonathan*
I have fond memories of visiting with your mom and dad when you were just babies and living in New Mexico. I also have good memories of their visit to Toronto when you were very young. I remember your mom as being a kind and caring person and a proud mom. A lot of our conversations revolved around you guys. We wish you peace and strength during this very difficult time. Our hearts will be you today. Love The De Jong Family
