“ My condolences to Sue's loved ones. I've known Sue since I started working at DCHS in 1983 and remember her to be creative and fun. Her Halloween costumes were hard to beat and we had several really fun parties "back in the day" at her home on Cleveland. She was a good cook too - I have several recipes in her writing which I will now cherish. RIP Suze, you fought long and hard and kept a smile on your face throughout, not to mention helping others in their battle with cancer. You will be missed!

“ Love you Sue! Friends for forty years. Sue sewed a blanket for our son and made a ceramic Care Bear music box for my daughter. So many good times and memories. She will be in our hearts forever. She touched so many people's lives. Ken, Katelyn and family are in our prayers. Love Kathy and Jim Young.

“ I was shocked to see Susan's obituary tonight. Two years ago, I was introduced to her at Pine Mountain. This winter we visited a little at the top of the hill and we rode the lift together a few times. I had no idea she was ill. She always had a smile on her face and treasured her time skiing. I wish I had gotten to know her better. We talked about skiing together this coming season and it seems impossible to think that she won't be one of the regulars at the hill. I am so sorry for your loss. My prayers are with you at this sad time.
