“ I want all of Tammys' family to know just how fortunate I am to have been part of her circle of friends. Not only was she the most pleasant and uplifting person but she was blessed with the most beautiful family!. Together she and Wally raised such compassionate and loving children,one of which,my son Dan married....

Yesterday, at her celebration, I glanced at our grandchildren and thought of such a personal blessing and honor it will be to watch them grow . If it was'nt for this wonderful women, I would'nt have what I do.

God bless you Tammy ,on your new journey.I will think of you everytime our babies are around me

..I love you,
your friend, Fay

“ My deepest sympathy to all of you. I've known Tammy since she was a young girl just coming into our store. Always a beautiful smile and kind gentle person. When we loose a loved one at any age it is hard, we must hold onto our memories.

“ I want to express my sincere sorrows for your loss of Tammy. She was an amazing lady and I always enjoyed seeing her at camping. She was on the first people that Aunt Laura would always ask about "Is Tammy coming out to the campground?" I remember all the great times we all had when she would visit. She would make everyone smile and have a great time. My heart goes out to ALL of you!! Love Tracy (from Beloit)

“ *The first time I met Tammy she had the most beautiful blue eyes and contagious smile, that never changed the entire time I knew her. Tammy's smile would light up a room and she was one of the sweetest women I knew. My heart goes out to her husband, children, grandchildren, siblings and mother. I am saddened by this, she will be greatly missed by many, many people. Fly with the angels, beautiful lady. <3*

“ I was warmly welcomed into this family in 1993, and Tammy was the best sister-in-law anyone could ever ask for. If you stopped over for a visit, she always had a way of making sure everyone in the room had coffee and treats in front of them at all times. This was whether a visit was planned or impromptu, whether she was busy or not; even if by any circumstance most other people would have considered it to be at an inconvenient time. There was never a time, person, or event that would make Tammy turn away or be any less hospitable. Despite my no longer being a member legally; I feel just as much a part of the family today as I did in the beginning. This is largely the case because of the unequivocal love Tammy has for everyone who comes into her world. I can't describe in words how this loss feels. And I can't even begin to comprehend how everyone else is feeling too. Tammy was the reinforcement pillar for so many people who love her.
