

## Dr. Terry L. Bucan

June 25, 1957 - August 2, 2016

Terry L. Bucan DO, FACEP, 59, of Wausau, passed away on Tuesday, August 2, 2016 at Aspirus Wausau Hospital.

She was born June 25, 1957 in Salina, KS, the daughter of Donald Bodelin and the late Mary (Piper) Bodelin. Terry is survived by her husband Fred, son Mitchell of New London, daughter Casey of Madison, father Donald of Kingsford, sister Janise (Barry) Webb of O'Fallon, MO, brothers Dennis of Menasha and Jim of Neenah, nephew Nicholas Bodelin of Neenah, niece Kelly (Dan) Webb-Midden of Brentwood, MO, and great nephew and niece, August and Dorothy Midden.

Terry graduated from Iron Mountain High School. She attended Michigan Technological University for her undergraduate degree followed by Medical School at Michigan State University. She completed a residency in Emergency Medicine in 1988 at Botsford General Hospital in Detroit, MI. Terry began her career in South Carolina. After Mitchell and Casey were born, she wanted to be closer to family so moved to Marinette and provided emergency care at the county hospital. She then transitioned to urgent care in the Wausau area. She became interested in Aesthetic Medicine when she realized she had no intentions of aging gracefully. Terry dedicated herself to learning a new specialty to help others look and feel their best. It became her passion. She opened Dermarenew, a practice of Medical Cosmetic Care, in 2006. While establishing this practice she continued to provide emergency care for

Ministry Health. Certifications Terry held include: Board Certified by the American Osteopathic Board of Emergency Medicine, Fellow of the American College of Emergency Physicians, Advanced Cardiac Life Support Director, Instructor and Provider, Advanced Pediatric Life Support Provider, Advanced Trauma Life Support Provider

 Certified US Civil Surgeon, American Society of Cosmetic Physicians, American Society for Laser Medicine & Surgery. Terry loved to learn and to teach. She was generous and talented in so many ways. One of her natural gifts was the ability to create warm and beautiful spaces. Her homes and offices always expressed a beauty and sophistication only she could create.

Terry dedicated her life to healing the sick and wounded, and caring for others.

“ I was so sad to hear of Dr. Terry's passing....She was such a special lady, & I can't imagine the pain & loss that you are all experiencing.

*I was a patient of Dr Terry's ever since she opened DERMARENEW in 2006. She was always upbeat, energetic, & she was always sensitive to the fact that "I probably can't afford all of that this month".....She NEVER made me feel embarrassed about that....in fact, she usually tried to figure out another , more economical alternative.....again, in a very professional manner. She will definitely be missed....and my heart goes out to all of her family.

“ We had the pleasure and privilege to know, and work with, Teri. She was such a gracious, vibrant, compassionate, and genuine person. I have worked with many professionals during my Healthcare career, but Teri will always rank among those who exemplified what true healthcare is, and should be. As an individual, I personally was so fortunate to have known her. She was a beautiful person, inside & out. Her smile and laughter were contagious. When situations were stressful, as is often the case in an E.R., they were effective in disarming that stress. She was treasured for her expertise and unselfishness in helping those with whom she worked. God bless and keep you, Dr. Teri.
