“ It has been almost 14 years since Tina has passed and I still think about her all the time. I was her boyfriend for only a short period of time, but she found a way into my heart and i loved her dearly.

I really miss you

“ Well, it's been a month now since the loss of Tina. It still seems weird to me. My mom was Tinas mentor for a few years, so during the earlier years, Tina and I knew each other quite well. In fact it was just about a week before Tinas accident that I had asked my mom if she had heard from Tina at all lately, and she said "No not since she had moved away." The few years that Tina was involved in our family activities (camping, graduations, birthdays, etc...) we grew to be like sisters. We had a lot in common - being the same age. We would sit up late talking about all of our experiences growing up coming from broken homes. Then Tina and I both around the same time became young mothers to our sons. We would share our experiences about the babies when ever we would get a hold of each other. Shortly after, she had Kaiytlyn, and I think that was the last time I saw her. Now I'm sorry that we lost contact with each other, but I guess there is a reason for every thing. My heart hurts when I think about the kids, I could'nt imagine what my one son would do knowing his mother died while he was so young. My condolences go out greatly to the three young children that everybody knows Tina loved dearly.

“ To Shelley and the rest of the family, Joann and I would like to extend our deepest sympathy with your loss of Tina. I know that we have never met Tina, but we know how we would feel with the loss of our child or Grandchild. Again our deepest sympathy to you and your family and remember that the Lord has a reason for everything and will tell us why in good time.

“ I offer my deepest sympathies to you. I was Tina's fifth grade teacher at Washington School. She was an intelligent and talented young woman. It was always a treat to me when I would run into Tina around town. She would tell me about her children. She was very proud of them. I wish for God's comfort to be with all of you, especially her children.

“ Boy, how do I begin this. I was shocked to say the least to see Tina's obituary in Friday's paper. I've known Tina for so long and lost touch with her just this last year. Sept. came a went with no address so I couldn't send her a birthday card. But I thought about her. I mentored Tina for a few years and when she became an adult, we became good friends. She had so many hard knocks in her short life but she always had a little more to give and never gave up. My heart hurts to know that she will never, just pick up the phone and surprise me with a call. Although I knew Tina very well, I only met her family (mom, sister, Tabitha and brother's) once. I need to talk to someone regarding Tina and would like them to contact me either by phone or e-mail. 920-565-3165 or mkts@qwics.com My sorrow goes out to each and every one of you who knew Tina. She had a way of getting into your heart and there she will remain with me. Please contact me. Thank you.

“ I wish to express my deepest sympathy to you all in the loss of Tina. I am in shock to hear that she has died. I used to work with Tina when she was a teenager and I loved her spirit and spunk and her caring. She was beautiful and very fun to be around. I heard from her a few times after she had her children and then we didn't have much contact but she will always be in my memories. You will be in my prayers. I pray that God will comfort you in this difficult time. Feel free to contact me if you feel you'd like to. I'd really like to hear how her life was this past year and any memories you would like to share. I really cared about Tina and will miss her greatly.

Sincerely,
Christi Leonhard
